

Mansion in Groede.

The vacation house has 6 bedrooms and is situated 2,5 km from the beach.
The airport Zaventem is 122 km and Calais 140 km.

This lovely mansion, just like the other countryhouse Villa Vacuna in Domburg, is a nice place where small family reunions can be held (for example Dutch people living in Great Britain meeting their family of Holland or Belgium) or for British people who want to visit Holland and Belgium.

In that case the mansion in Groede can be used as place to stay and trips can be made to Brugge (35km) , Knokke (23km) Gand (40 km) Middleburg in Holland , Amsterdam (by train, there is a railway station at the terminal of the Ferry Vlissingen/ Breskens)

There are many catering possibilities in the neighbourhood and a few restaurants in the small (only 760 inhabitants) village of Groede

The village is a characteristic Dutch countryside village in a rural environment and the village has some galleries, a taste pub for home made beer, a local museum.

The rural environment has many possibilities to cycle (also along the sea), in the village Groede bicycles can be rented.

The Netherlands, and especially the province of Zeeland, is beautiful country to cycle.

There are taxi services in the neighbourhood which drive to airport Zaventem or Calais.
